

L

Crank shaft piston pumps
self-priming

Performance data

Q max. 2,5 m³/h
H max. 60 m

Ranges of application

For drinking water, rain and sea water, for domestic water supply and marine application

up to + 40 °C

Construction

Double acting piston pump with crank shaft

Materials

Cast iron

Crank Shaft Piston Pump L

Pump type	L10	L15	L20	L25
Capacity (l/h)	1000	1500	2000	2500
Suction head up to (m)	8	8	8	8
Max. discharge pressure (bar)	4 (6)	4 (6)	4 (6)	4 (6)
Motor capacity (kW)	0,25* (0,37)	0,37 (0,55)	0,37 (0,55)	0,55 (0,75)
Motor speed (1/min)	1450	1450	1450	1450
Suction connection	1"	1"	1 1/4"	1 1/4"
Pressure connection	1"	1"	1 1/4"	1 1/4"

**with single-phase A.C. motor 0,37 kW*
